Forecast For The United Kingdom
Issued by Met Office Exeter
at 0400 on Monday 06 Dec 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Windy and unsettled today and tomorrow.

Today:
Early rain in the north and west spreading eastwards, rain heavy at times with hill snow in the north. Brighter conditions heavy, blustery showers then follows from the west. Windy and feeling cold.

Tonight:
Evening showers slowly easing leaving a cold night with clear spells and widespread frost. Wet and windy weather then reaches the far west towards the end of the night.

Tuesday:
Early rain in the west spreads across the UK, hill snow in the north. Brighter, showery conditions follows into the southwest. Becoming very windy and blustery, especially in the west.

Outlook for Wednesday to Friday:
Unsettled with showers or longer spells of rain. Often windy with coastal gales at times. Rather cold though snow mainly restricted to high ground in the north.
